

Cradle Mountain – Dove Lake Rd: Vehicle Restriction Guidelines (Commercial and School Groups)

To manage safe vehicle access to Dove Lake the following restriction guidelines have been developed. To access the park in your own larger vehicles please abide by the following conditions:

1. The vehicle shall have a body width not greater than 2.2 metres.
2. The vehicle shall have a total width (including mirrors) of no greater than 2.6 metres.
3. Vehicles shall be no greater than 8 metres in total length excluding trailer.
4. Vehicles shall be permitted to tow a single axle trailer as long as the width of the trailer conforms to the width requirements of Points 1 & 2.
5. Vehicles shall have a registered gross vehicle mass (GVM) of less than 6.5 tonnes.
6. All commercial vehicles shall be fitted with UHF radios and shall maintain a listening watch on channel 15 at all times whilst within the Park.
